

Dan Blossom
Marist College
Dr. Pablo Rivas
MSCS 630 Security Algorithms & Protocols
Homework 0
Due January 27th, 2019

1) Below is a screenshot of the Java Version installed on my laptop.

```
[blossom@archlinux ~]$ java -version
openjdk version "11.0.2" 2018-10-16
OpenJDK Runtime Environment (build 11.0.2+7)
OpenJDK 64-Bit Server VM (build 11.0.2+7, mixed mode)
[blossom@archlinux ~]$
```

2) Below is a screenshot of the Java compiler installed on my laptop.

```
[blossom@archlinux ~]$ javac -version
javac 11.0.2
[blossom@archlinux ~]$
```

3) Here is a screenshot of my github profile created with my @marist.edu account.

The screenshot shows a GitHub profile page for the user 'dblossom-marist'. The page includes a profile picture of a man wearing a yellow hat and sunglasses, a bio 'Dan Blossom dblossom-marist', and a status 'Joined 11 minutes ago'. The main content area shows the 'Overview' tab with statistics: 0 Repositories, 0 Stars, 0 Followers, and 0 Following. Below this, it states 'You don't have any public repositories yet.' and shows a '1 contribution in the last year' in a calendar grid. The grid shows a single green square on January 1st. A message explains that the first green square is for joining GitHub and that more contributions lead to darker green squares. A link to 'Read the Hello World guide' is provided at the bottom.

Learn how we count contributions. Less More

This is your **contribution graph**. Your first ■ is for joining GitHub and you'll earn more as you make [additional contributions](#). More contributions means a darker green square for that day. Over time, your chart might start looking [something like this](#).

We have a quick guide that will show you how to create your first repository and earn more green squares!

[Read the Hello World guide](#)

4) Didn't have the 'green button' but I have seen it in the past.

<https://github.com/dblossom-marist/mscs630-blossom.git>

5) My attempt at evidence. In addition to the terminal prompt, also showing the username which is my last name, that git is installed and it's current version as well as which Linux kernel I'm running. The clip of the web browser shows 2 open email accounts with my name and my profile picture / name for this homework assignment.
